THE MAIN OBJECTIVE OF THE EVENT: It is said that we get enlightened a lot about ourselves when we spend time with the differently abled. Marked disabled by the society, but in true sense more abled in teaching us about ourselves. In their company not only are we happy but truly content. Taking the opportunity of spending time with them, the members of RC MSIT and RC Calcutta Metropolitan organized a tour to Asha Niketan, a NGO for the differently abled people on the day of independence.

Right from the hoisting of the Indian flag with proper rules, the national anthem was sung by one and all. All the residents along with the staff and our team sang songs and performed the formalities. After the ceremony we began the cultural program which we had prepared for. A session of singing, dancing and interaction with the patients was followed by the distribution of chocolates and food among them. While everybody sat and enjoyed ourselves we learnt a lot too. We went with the idea to make them smile and feel loved on such a special day but it was we who returned with a big smile and some memories to be cherished for a lifetime.

OUTCOME OF THE EVENT: This was our very first event with our new twins and it truly was a wonderful experience to start with. We will surely continue touching lives together like we did today!
