DOMAIN OF THE EVENT: COMMUNITY SERVICE

TARGET AUDIENCE: STUDENTS

SPEAKER'S DETAIL: Dr. Kinsuk Das

THE MAIN OBJECTIVE OF THE EVENT: 28th July is celebrated as the World HEPATITIS Day. It is one of the just four disease-specific global awareness days officially endorsed by the World Health Organization (WHO).

This year, RCMSIT had organized an Awareness Seminar in association with Ruby General Hospital. The main motive of the event was to create the much needed awareness about viral Hepatitis and enabling Rotaractors and students alike to be informed about the ill effects and symptoms of Hepatitis.

We convinced Dr. Kinsuk Das, a renowned Gastroenterologist and HOD of the mentioned departments at Ruby General Hospital to take time out of his extremely busy schedule to come down to our college and address the gathering and help spread awareness of Hepatitis B and C prevention.

OUTCOME OF THE EVENT: The campaign was a tremendous hit as more than 125 people attended it. More people wanted to come in but we could not make room for them. We are overwhelmed by the response we got. We surely look forward to doing such an event again in an even grander venue to accommodate even more people.
